Dead Island 2 Play Date

Blog ChaoticLu Mar 13, 2024

Hello, Ambassadors! Get ready for our next Community Play Date on Friday, April 5th, where we'll be playing Dead Island 2 (available on Xbox Game Pass console and cloud gaming). It's time to take on a zombie-infested paradise with your friends!

The Details

Who: You and up to 3 other players per game.

When: Friday, April 5th

Join the Xbox Ambassadors Discord server, where we'll host our Play Date. Keep an eye on our Forum post: #Dead Island 2 Play Date under the category "Special events." □♂□♀

Prepare: Make sure to install Dead Island 2 on your console and check for updates so you're ready for the event! Additionally, to play co-op mode, you must play the tutorial, which will take you approximately 30-45 minutes. Soon after, co-op will unlock towards the beginning of the fourth mission, "*Call the Cavalry.*"

A pop-up will appear telling you that co-op is now available and Ambassadors can invite people to play. Alternatively, those who have passed the tutorial can open the menu and go down to Social. There, they'll see friends who are online and can invite them to play or join their session.

Important Note: Dead Island 2 is rated for players aged 18 and above due to its intense violence and mature themes. Viewer discretion is advised.

What to do: We will be playing co-op, where you can join other Ambassadors and play together in story mode.

Don’t forget to capture awesome clips and snapshots to share with us. Happy gaming!
